

RAMSEY COUNTY GIS USER GROUP

An alliance of communities sharing Geographical Information Systems

Monthly Agenda

2:00 PM- 4:00 PM May 2, 2013

Location: Shoreview City Hall, 4600 Victoria Street North

1. Call to Order and Introductions
2. Additions or Corrections to the Agenda
3. Approval of the February & March, 2013 Meeting Minutes
4. Flat Rock Geo Presentation of mapFeeder – *platform for tracking, organizing and managing location-based data through interactive maps and simple web forms. If you can put it on a map, you can track it with mapFeeder. Applications built on mapFeeder are by design "not GIS". They are meant for people who may not be comfortable with the sometimes overwhelming nature of GIS applications and other "general purpose" web mapping tools. We will be show the basic ins/outs of several mapFeeder modules and also the ability for collecting/reviewing data with iPhone and Android devices.*
5. Ramsey County Data Updates – Curt Peterson
6. Community Announcements
7. Agenda for next meeting
8. Adjourn

Chair

Melissa Baker
